

TEACH TO LEAD

SCHOOL LEADERS MATTER.

Effective school leadership is vital to raising student and school outcomes, but many teachers don't receive the tailored training or preparation they need to help them excel in leadership roles.

Teach To Lead is Teach For Australia's professional development program for emerging school leaders. We seek to radically lift the leadership capacity of great teachers to leaders. Our mission is to develop a pipeline of exceptional school leaders serving low socio-economic communities, to break the cycle of disadvantage for students.
