Our Values

Serve the Students

Everyone at TFA works in service of our vision for children and young people: an Australia where education gives every child, regardless of background, greater choice for their future. Our partnerships – with teachers and leaders in schools and across communities, organisations and systems – is in service of making their future fairer and brighter.

Have High Expectations

Having high expectations – for ourselves, of others, and of what should be possible for students – is essential. The students we serve deserve no less. This does not mean setting unrealistic expectations that cannot be met, however this does mean having a sense of possibility and being motivated by a bold ambition.

Make It Happen

To best serve students and their futures, we know there is a lot of work to be done. Not all of it will be straightforward. We act with deliberate intent. 'Hope is not a strategy'; we use data, creativity and the wisdom of experience to plan then execute. Our work is a marathon not a sprint, so we pace ourselves, working hard and smart.

Get There Together

We have a big vision and mission. We can't – and won't – achieve it on our own. Authentic, mutually reciprocal relationships come first. We know that relationships – with students, colleagues, the TFA community, and countless others involved in this work – underpin everything else. Through trusting relationships, we can harness the power of collaboration and foster a collective sense of belonging.

Celebrate Along the Way

We find joy and possibility in the big vision of what could be. We celebrate the strength and uniqueness of every student, and those who work in service of them. To sustain ourselves, we strive to laugh often and celebrate the small wins along the way. We believe in acknowledging contributions, recognising how far we have come by leveraging our strengths, and working with gratitude, humour and a bit of fun to keep us motivated for the journey ahead.
